

Bath Remodeling

PRICE:

As with all of our home improvement projects, our bathroom remodeling projects are very reasonably-priced, and include labor, materials, permits, and the hiring of electricians and plumbers if necessary, etc. We are also always happy to provide several different written estimates to you based on different plans, designs and options. We will work with you to find the renovations that will make you happy and which will fit within your budget.

QUALITY:
We know that a fresh, clean, brand-new looking bathroom gives a great 'lift' to the homeowner, and like a kitchen renovation, often increases the value of the home.

We are experts at laying ceramic tiles for floors and walls, at helping you to select gorgeous and durable fixtures and cabinetry and then installing them for you, and in helping you to find all of the right accessories and features to go with your design.

FAST SERVICE:

In almost all cases, we will come to your location within 24 hours of receiving your email or telephone call for a FREE WRITTEN ESTIMATE. After conducting the site inspection, we follow up immediately with our clear, detailed, "plain language" written estimate. In most cases, work will be started within one week of your acceptance of our proposal. Usually, our bathroom jobs are completed within two weeks of job commencement.
